****TIPS*****TIPS*****TIPS****

- Use the rubric as you fill out your application, it will help you be successful.

- Think outside of the box when applying for grants, don't just think of showing animals as an SAE, almost anything related to Agriculture in some way can be made into an SAE. The only limit is your imagination.

- Read the descriptions of the grants, they may also give you some ideas.

- Don't be afraid to try. A $1,000 may be just what you need to start a project or finish a project.
